

Central Jersey Spring Recess Ultimate Quickball Blast

The **Quickball Central Jersey Spring Recess Blast** is the ultimate experience for baseball and softball players, 2 hours of action-packed fun for ages 8 -16. Whether your child is an occasional recreational baseball or softball player, or a competitive travel player, he/she will love the speed and excitement of Quickball. In Quickball kids get to hit, run, slide, and dive while playing uniquely formatted games. Baseball rules are modified to create innovative baseball games which are furiously fast and fun. There is more action in *each* inning than in entire baseball games. Kids get more at-bats in the first 10 minutes than they do in entire games. A scaled down field, walls and foul poles included, make homers possible for almost everyone but watch out, while many homers clear, some get snatched as defenders reach over our 3' collapsible walls. Specially designed **foam Quickball** restricted flight balls have a baseball-like trajectory and are safe. It's inning after inning of highlight reel in **Quickball, America's Favorite Fasttime!**

In the **Central Jersey Quickball Spring Recess Blast** children compete against teams in their age group playing 3 uniquely formatted Quickball games. Cumulative point totals will be kept to determine winners in each age bracket. Games are played on a specially designed scaled-down field, increasing the speed, excitement and number of homers! Format varies from 4 on 4 to 6 on 6 depending on the age group. See chart below.

The Games

Traditional Quickball is baseball with the pace kicked up a few notches...to fast and furious. Kids get 2, 3 or 4 at-bats per inning and each inning takes less than 5 minutes. The fences are reachable and homers are a big part of the game. So is defense as fielders rob homers left and right to prevent an onslaught!

Hit-For-The-Cycle - Quickball style is the ultimate success for a hitter, and the defense. Each child gets several opportunities to hit for the cycle. How many kids will get a single, double, triple and homer and rack up points for their team? Teamwork and communication by the fielding team is key in trying to stop the offensive storm. The pace continuous to be fast and furious as it's one close play after another.

Home-Run Derby is always a kid favorite. **Quickball** Home-Run Derby is faster with more action and thus more fun for youngsters. They love the time element and the defensive element as the need for teamwork and communication quickly surfaces if they want to prevent a Big Papi barrage of homers! There's nothing like it!

Early registration - March 15 or earlier: Individual: \$25.00 Team: 4-6 \$20.00/person
Late registration – March 16 or later: Individual \$30.00 Team: 4–6 \$25.00/ person
